## LOCALS.

**Rescued From Death.**  
William J. Connelley, of Somerville, Mass., says: "In the fall of 1878 I was taken with a severe attack of the lungs, followed by a severe cough. I lost my appetite and flesh, and was confined to my bed. In 1877 I was admitted to the Hospital. The doctors said I had a hole in my lung as big as a half dollar. At one time a report went around that I was dead. I gave up hope, but a friend told me of Dr. Williams' Hall's Balsam for the Lungs. I got a bottle, and used it as directed. I feel better than I have for three years past. I write this hoping some one afflicted with Consumptive Cough, or any other lung trouble, may be cured by this medicine. I can positively say it has done more good than all the other medicines I have taken since my sickness."

**No More Dyspepsia or Indigestion.**  
Dr. Hensley's celebrated X L Bitters are the best bitters in use. They never fail to give relief. Read physicians' certificates on the back of bottle. Sold everywhere. 1882

**Notice to the Public.**  
The citizens of Reno are hereby notified that I will, with the assistance of my family, carry on the business in the bakery known as "Jake Graft's" bakery, at heretofore, and respectfully ask the patronage of all our old friends for the support of said family. Contrary reports notwithstanding, Eddie Graft will deliver bread to all customers with his well-known civility and dispatch.  
Mrs. MAGDALENA GRAFT.  
120-14

**Notice of Payment.**  
OFFICE NEVADA AND OREGON RAILROAD, Reno, July 15, 1882.  
Fifteen per cent. of the face value on all certificates of indebtedness issued up to July 15 will be paid on presentation of the same at their office in Reno. Geo. A. Kwa, Secretary N. & O. Railroad.

**Long Run.** Doubled in size the largest Japanese sale exhibition in the world. Shattuck & Fletcher export their printing inks to Japan, receive Japanese goods in return, pay for this advertisement with printing ink, and this is why their ink is so low priced. Logical, isn't it? Wholesale and retail. Goods for every branch of country and retail trade. 120-14

**Furniture.**  
L. Lewis has opened a store corner Virginia and First street, Reno, for the purchase and sale of second-hand furniture. 121-17

**Tartar.**  
Are barometers on the teeth? At first erythema, then erythema, then erythema, then erythema. It loosens the teeth and makes the gums tender. Don't permit it to either; use NO. 2000000, and keep the mouth clean and the teeth healthy. 120-17

**Horsford's Acid Phosphate—Valuable Medicine.**  
Dr. W. H. PARMELER, Toledo, O., says: "I have prescribed the 'acid' in a large variety of diseases, and have been amply satisfied that it is a valuable addition to our list of medicine agents." 121-17

**Permit No Substitution.**  
Insist upon obtaining Horsford's Cologne. It is pre-eminently superior in permanence and rich delicacy of fragrance. 121-17

**Faded Colors Restored.**  
Faded or gray hair gradually recovers its youthful color and lustre by the use of Parkes's Hair Balsam, an elegant dressing, and admired for its purity and rich perfume. 121-17

**How Women Learn.**  
Women everywhere use Parker's Glycerine Tonic, because they have learned by experience that it overcomes dependency, indigestion, weakness in the back and kidneys, and other troubles of the sex.—Home Journal, 121-17

**Peruvian Syrup cures dyspepsia, general debility, liver complaint, boils, humors, chronic diarrhea, nervous affections, female complaints, and all diseases originating in a bad state of the blood.** 121-17

**John F. Myers' Drug Store** has removed to Virginia street next to Barnett's. 121-17

**For Cheap Drugs, Toilet Articles, Patent Medicines, Perfumery, etc., call at Jno. F. Myers' Drug Store, Virginia street, next to Barnett's.** 121-17

**The finest brand of Kelly's celebrated Key West cigars are to be had at John F. Myers' Drug Store, on Virginia street, next to Barnett's.** 121-17

**Wistar's Balsam of Wild Cherry cures coughs, colds, bronchitis, whooping cough, croup, influenza, consumption, and all diseases of the throat, lungs, and chest. 50 cents and \$1 a bottle.** 120-17

**Drugs and Patent Medicines** of every description sold cheap by John F. Myers, Virginia street, next to Barnett's. 121-17

**Kellogg's Cakes of 1879 and 1880 are the finest in the market.**

## COAST CLIPPINGS.

Stockton is suffering under an epidemic of burglaries.

Montana stock-growers have, it is estimated, sold about \$600,000 worth of cattle this year.

About 130 men, women, boys and girls are employed at the Los Angeles cannery establishment.

Milk river troops, Montana, recently captured 30 Cree horse thieves, and sent them north of the British line.

During the year which ended June 20th, \$2,000,000 worth of lumber and \$500,000 worth of coal arrived at Wilmington, Cal., harbor.

A hopeful youth named Thomas Butler, was sentenced to 60 days' hard labor in the Los Angeles chain-gang for abusing his mother.

Bessie Dunlap, a young lady who lives near Biggs, Butte county, is said to have hair over seven feet long. It is blonde, and very beautiful.

George W. Osborne, aged eighteen years, while swimming in the Sacramento river, ten miles above Sacramento, was drowned last Wednesday.

Los Angeles is preparing for a district fair this Fall. Thirty-five hundred dollars has been raised by subscription in the county to aid the enterprise.

The body of Charles Wilcox, missing from Cabinet Landing, Montana, for three weeks, was found in Clark's Fork Wednesday. His death was evidently a suicide.

A century plant at San Diego, 11 years old, has sent up a stalk 36 feet high, which is still growing, and has not yet blossomed. A smaller specimen is shooting up beside the main stalk, and is already 11 feet high.

Governor Thayer, of Oregon, Friday commuted the death sentence of John C. Powers, who killed Benjamin Cornelius, his father-in-law, July 4, 1881, to imprisonment for life. Petitions for Executive clemency were signed by 11,000 voters of Oregon and Washington Territory.

A Grass Valley merchant, who has lived in that place with his wife and family for several years, was visited the other day by a lady from the East, who claims to be his original and only genuine spouse. The man's friends declare he was divorced from her, but the town is awaiting developments.

The statement that Dr. Glenn works his men on Sunday, is denied by Mr. Cochran, the Superintendent of the repair shops, who says the only work done on Sunday is done voluntarily by some of the men, who even haul their machines on that day. The harvest is turning out much better than was expected, and nearly an average crop will be secured.

July 18th, at the California Mills, in the mountains of Fresno county, Cal., a building occupied by the Chinese laborers was accidentally burned. During the fire a perfect fusillade was kept up by the guns and pistols in the building, which were discharged by the heat. One of the gentlemen present wears a bullet hole through his hat as a reminder of the event. The loss by the fire was \$2,000.

Three years ago the little daughter of Thomas Godfrey of Walterville, near Butte, M. T., strayed from home. Last week a man, striding through the woods discovered a little shoe which was identified by the father, and on Saturday another search party was organized by the miners, when the skull of the missing child was found near the den of a bear. The lower portion of the jaw was eaten off, and the supposition is that the child, in its wanderings in the woods, was caught and killed by the bear.

At 187 West street, New York, is the Erie Ticket Office, presided over by Mr. C. V. V. Ward, who thus writes: "Some months ago I had rheumatism in my right arm, and was unable to raise it. I was advised by a friend to use St. Jacobs Oil. I did so, and on the second day I felt greatly relieved. I continued to use it, and before the second bottle had been exhausted my arm was perfectly well."

**WARNER'S**  
**SAFE**  
**KIDNEY & LIVER**  
**CURE**

The Leading Scientists of To-day agree that most diseases are caused by disordered kidneys or liver. The discovery of Warner's Safe Kidney and Liver Cure marks an era in the treatment of these diseases. It is a POSITIVE remedy for all diseases that cause pain in the lower part of the body, for torpid liver, headache, jaundice, diabetes, gravel, fever, acute malaria, and all difficulties of the kidneys, liver, and urinary organs. It is an excellent and safe remedy for females during pregnancy. It will control constipation, and is invaluable for leucorrhoea or falling of the womb. As a blood purifier it is unequalled, as it cures the organs that make the blood. This remedy, which has done such wonders, is put up in the LARGEST SIZED BOTTLES of any medicine on the market, and is sold by druggists and dealers at \$1.25 per bottle. For diabetes, inquire for WARNER'S SAFE DIABETES CURE. It is a POSITIVE remedy.

## A LACK OF SELF RESPECT.

In its eagerness to convince the most rabid of its subscribers of its soundness as an anti-railroad organ the *San Francisco Examiner* so far forgot its politeness the other day as to treat with discourtesy a gentleman who sent in a communication for its columns. A man's newspaper is the same as his house in some respects, and the laws of hospitality and ordinary politeness would dictate that even an opponent should be received civilly if he happened in. However much the *Examiner* may have differed from Mr. Stubbs in the matters argued, his letter was respectful and dignified, and deserved either to be refused or else to be allowed to stand on its merits without a slur or head on insulting introduction. Mr. Stubbs' high private character and important public duties entitle him to that treatment. But the claims of the individual are small as compared with those of the public upon a newspaper. It should always be open to both sides of every question which concern the commonwealth, and if those who venture in are treated rudely it will simply cause men to keep clear of discussion entirely. We think this would be an injury, as a free discussion of all points is beneficial, and we are surprised to see any paper of standing refuse fair play to anyone.

## EDITORIAL NOTES.

Henry George's book, "Progress and Poverty," has been the cause of a difficulty in the Society for Political Education, an association formed two years ago, and which has its headquarters in New York City. A wealthy admirer of George's revolutionary work offered to bear the expense of its publication and circulation as one of the text books of the society if the society would indorse it. His proposition was declined, but nevertheless an edition of the book was gotten out with the statement on the title page that it was issued with the society's indorsement. An offended member tendered his resignation in consequence of receiving a copy of the book, and thus brought out this explanation from the Secretary, who added that he did not see what the society could do to prevent the abuse of its name.

A writer in *Scribner's* says the Western word "rustler" was coined by the Montana herdsmen to describe the action of cattle brushing the snow from the roots of the bunch grass with their noses.

The *Esmeralda Herald* would like to see Joe Harlow of the Carson Appeal, elected State Printer. Mr. Harlow is one of the best printers on the coast, and would make a good officer.

## TELEGRAPHIC BRIEVITIES.

—Bob Ingersoll and General Butler will lecture for the benefit of the Eastern striking freight-handlers this week.

—The Scots Guards 750, strong left London yesterday for Egypt. Great enthusiasm was manifested at the departure.

—The hotel car Davy Crockett left Omaha Wednesday for San Francisco, having on board a party of wealthy Pennsylvanians.

—It is reported that United States Senator Edmunds contemplates resigning and devoting himself entirely to his profession.

—A London dispatch says Sir Garnet Wolsey is suffering from a slight attack of dyspepsia, but hopes to resume his duties to-day.

—A Columbus, Ohio, dispatch says: Reports from county primaries in Speaker Kiefer's district, indicate that he will have 124 votes in the convention Wednesday and General Kennedy 42.

—F. W. Burt, Manager of the California Theatre, San Francisco, passed through Chicago yesterday morning with the entire Union Square Theatre company of 26 people, going to San Francisco via Omaha.

—J. P. Laird, one of the oldest and best known railroad men in this country, died at Washington last Friday. He built the California and Oregon road. His remains will be interred at Alton, Ill., his old home.

## TO-DAY'S NEWS

Press Dispatches by Evening Gazette.

## EASTERN.

WASHINGTON, July 30.

There are two questions disturbing the minds of the few Senators and Representatives who have remained in Washington over Sunday. The first is, when Congress will finally adjourn, and the second is, in what shape the President will return the River and Harbor bill to the House. There are but few Congressmen who anticipate an adjournment before next Saturday, a large majority do not anticipate the final end of the session before the last of August. The River and Harbor bill is an unknown question and until the President signifies his willingness, premises the general opinion to-day, the bill will be returned to the House vetoed, with a message requesting Congress to confer on the War Department the authority to expend \$10,000,000 or \$12,000,000 for the improvement of rivers and harbors. Mr. Page, chairman of the House Commerce Committee, still insists that the bill will be approved, but that the President may direct, as Grant did in 1876, that the appropriation be cut down to a reasonable figure. It is doubtful if there will be a quorum of members in the House to-morrow. A few Republicans who have passed Sunday in New York, Philadelphia, and at various places on the Potomac river, will be in their places Monday morning. It is barely possible that complications may arise that will compel the attendance of a quorum before a resolution for adjournment can be passed, but it is evident that the time has gone by when a quorum of Republicans can be summoned to transact any general legislative business.

## De Lesseps Panama Canal.

WASHINGTON, July 30.

Extracts from a private letter published in the *Gazette* to-day from Panama speaks favorably of the work on De Lesseps Panama canal enterprise, which, he states, is being pushed steadily. He says about \$15,000,000 has already been expended and invested, and every effort is making to draw in American capitalists and investors; and that Californians are especially becoming interested. That the canal will be constructed, and that every dollar invested will finally accrue to the advantage of Americans, and that it will before long be urged that De Lesseps hopes to disarm the popular hostility in this country by establishing the fact that the bulk of the stock will be under the control of American owners. The canal company have already paid \$4,000,000 of the purchase money. As much more is to be paid this Fall in October. This \$8,000,000 has come from the pockets of American investors and speculators in New York and San Francisco. The impression exists that there is an understanding that the railroad remains in the hands of American shareholders, who are known to be quietly buying all the Panama stock that comes on the market.

## Postal Changes.

NEW YORK, July 30.

Following are the Pacific Coast postal changes for the past week: Offices established—Cupertino, Santa Clara county, Cal.; Alexander Filippello, Postmaster. Postmasters appointed—Wm. C. Harris, Harris, Humboldt county, Cal.; John H. Beaver, Lomera, Tulare county, Cal.; E. L. Bailey, Bailey, Lander county, Nev.; A. W. Taylor, Belleville, Esmeralda county, Nev.; G. Nelson, Dungen, Humboldt county, Nev.; W. W. Coffin, Hill City, Humboldt county, Nev.; Wm. Clymer, New Lebanon, Klamath county, W. T.; Dick Morgan, Aurora, Sevier county, Utah; Thos. J. Kirkman, Santa Guina, Utah county, Utah.

## Assessing Officials.

WASHINGTON, July 30.

A Portland, Me., newspaper of the 26th, states that one of the Hubell assessment circulars was received at that city not long ago, assessing Government officials \$15, and conveyed from Washington in a Government envelope without the payment of postage. The editor says he saw the envelope with the circular there in a few days after it was received. Members of the House of Representatives and the Senate will inquire into the facts.

## Pedestrian Match.

BOSTON, July 30.

A six days to go-as-you-please pedestrian match began this morning. 7,000 people witnessed the start. At 7 o'clock the men started as follows: Harriman, Hughes, Hart, Nonemac, Dufresne, Campass and Gallagher of Montreal, who entered as an unknown man.

## Too Heavily Loaded.

CHICAGO, July 30.

A special dated last night from Boston, says the steamer "Stamford" licensed to carry 600 passengers left port for Plymouth this morning at 10 o'clock with nearly 1,000 on board. She should have reached her destination at 1:30 o'clock, but didn't arrive until 4 o'clock in the afternoon. She was so heavily loaded one of her guards was all the way down. The passengers were so frightened that 250 of them chartered a special train on the

old Colony Railroad and came up that way, refusing to return by boat. The Stamford was to leave Plymouth at 8 P. M., in which case she would not arrive here before 11:30 o'clock. Great excitement has been caused to-night by the rumor that she has been lost. Probably, however, the report arose from an imperfect knowledge of the facts just stated, and that it is untrue.

## Iron-Workers' Association.

CHICAGO, July 31.

President Jarrett and about 250 delegates from the iron and steel works throughout the country, are here to attend the annual convention of the Amalgamated Association of Iron-Workers, beginning to-morrow and lasting probably a week. The session is to be secret. There will be an election of officers, and several changes in the Constitution will be made. All the delegates seem more than ever determined to stick out for their original demands and feel confident of success. They state that twenty-three mills have resumed work at their terms and only one with non-union men.

## Subjects For Judge Lynch.

LINCOLN, Ill., July 30.

Miss Bonda, who was brutally outraged near Grove City, Ill., lies at the point of death. Her father states he has positive evidence that the crime was perpetrated by Pettis Clements and the Montgomery brothers, and that Dr. Vermillion is implicated.

## The Virginia Drought.

PETERSBURG, Va., July 30.

Reports from various sections of the State represent the protracted drought as broken in the past two days by the heaviest rain fallen for months. In some localities corn is not hand-high and on lands prepared for tobacco not a plant can be seen.

## Capital and Labor.

WASHINGTON, July 30.

The national Federation of labor Unions, in an address says it is of the greatest importance that candidates for the next Congress, of all parties should be called upon to clearly define their positions in the great question capital and labor.

## A Desperado Killed.

BARDSTOWN, Ky., July 31.

Isaac Wilson, a desperado, was shot and instantly killed by Chas. Miller yesterday. Wilson made a murderous assault on Miller, and the shooting was in self-defense.

## Not a Good Seat.

JAMESTOWN, N. Y., July 30.

Jno. Awerder, Gus Leacher and Brasse sat down on the railroad track to rest and were struck by a passing train. Awerder and Leacher were killed and Brasse severely injured.

## FOREIGN.

## EGYPT'S TROUBLE.

The British at Work Repairing the Railroads—Nothing Settled Regarding the Bombardment of Aboukir—Fort—Looting Still Going on at Alexandria—Reported Surrender of Aboukir—Arabi Pasha's Manifesto.

ALEXANDRIA, 5 P. M., July 30.

Plundering of houses just outside the British lines at Ramleh continues. Culprits caught in flagrante delicto are killed by patriots.

Two expeditions which left last night to repair the railroad cut by rebels on the Alexandria side of Mahalla Junction, were completely successful in the undertaking. The expeditions consisted of British sappers, sailors and marines, together with Egyptian railway workmen. Both lines of the road were repaired and a considerable number of railway wagons brought to Alexandria. The British portions of the expeditions returned early this morning without encountering the enemy. The rebels are making every effort to fortify the vicinity of Port Said. French men-of-war in Egyptian waters have been ordered to station themselves at Port Said and cease traversing the Suez Canal.

PARIS, July 31.

In consequence of the rejection by the Chamber of the motion for the vote of credit, the movements of troops and the fleet have been stopped and Admiral Conrad, commanding the French fleet in Egyptian waters, has been ordered to maintain strict neutrality.

MADRID, July 31.

The Imperial Secretary of Germany has proposed to Spain to co-operate in the protection of the Suez canal, and it is believed that the Government will accept the invitation.

ALEXANDRIA, July 30.

All regret the removal of Lord Charles Beresford from the office of Chief of Police just as he was organizing a difficult service. Major Gordon, who succeeds him, with an entirely new set of men, will in turn be removed when the army goes from the city, and unless a permanent Chief be selected here or sent from England; disastrous results will follow. Houses that escaped pillage during and after the bombardment are now looted within sight of British bayonets, and not a man can be spared to protect them.

The Helicon, with Admiral Seymour on board, has returned from Aboukir. She went this morning to reconnoitre. The Admiral found that operations were actively progressing at the forts, which are well armed. Nothing settled as yet in regard to bombarding them.

ALEXANDRIA, July 31.

Arabi Pasha's whole family are located in a village a few miles from Limalia.

LONDON, July 31.

The Times says: We have ample

reason for the belief that the expedition that the Porte has determined to send to Egypt has no other object than to thwart and oppose the efforts that England is now making to restore order there. Co-operation might be accepted if the Turks should send moderate contingents to act under orders of the British commander. Turkey's design is to exclude England altogether and maintain that we have no right in Egypt. It is, therefore, mere trifling, to continue negotiations for the purpose of getting such worthless pledges in good faith as a proclamation against Arabi Pasha. It is for the British Cabinet to appreciate the gravity of the situation and dispose means for guarding the national interests and for vindication of national honor, both of which are in serious jeopardy.

ALEXANDRIA, July 31.

Midshipman Dechair, of the iron-clad Alexandria, sent to Ramleh Saturday morning with a message, has not since been heard of.

ALEXANDRIA, July 30.

An unconfirmed report prevails that the garrison of Aboukir has been surrendered to the British.

A traveler just arrived from Sionle, reports that Arabi Pasha has issued a manifesto declaring the Khedive Tewfik has sold Egypt to the British and retired to England. Arabi, therefore, has ordered the people to obey him until the Prophet enlighten him to find a worthier Khedive.

Six Moudirs of upper Egypt have ordered a supply of 500 horses and 600 camels to reinforce Arabi Pasha. Murders are constantly occurring in railway trains. The mob searches every train for Christians.

Arabi Pasha is still parleying with the Khedive. The latter has intimated that no terms are acceptable except an unconditional surrender. Midshipman Dechair slipped beyond the lines and has been taken prisoner.

CONSTANTINOPLE, July 31.

Dufferin states that the Porte, by his inactivity, compelled England to assume the responsibility of restoring order in Egypt, but England has accepted Turkish co-operation provided the Porte makes unambiguous intentions.

ALEXANDRIA, July 31.

The Bank of Egypt, Ottoman Bank and Credit Lyonnais have reopened. De Lesseps has told Arabi Pasha that if he leaves the Suez Canal alone neither France nor Italy will touch him.

Four houses were looted at Ramleh under the noses of the British and within a mile of their headquarters.

The Austrian Consul has arrived here from Port Said. He states De Lesseps addressed crowds of Arabi's supporters and spoke in terms hostile to England and France, saying they were strangers on Egyptian soil. The result was the Germans, who had landed to protect their Consulate, returned on board their vessel, and English and French Admirals abandoned their intention of landing lest a disturbance should follow De Lesseps's speech. The work of repairing the railways and the Alexandria side of Mahalaka Junction was necessary. As not only did breaks prevent advance toward Arabi Pasha's position, but so long as they existed we were unable to transfer the rolling stock from the Gabar to the Ramleh line, as the junction to these lines lies beyond the point at which the rails had been removed.

LONDON, July 31.

The Prince of Wales was desirous of accompanying the expeditionary force to Egypt, but in deference to the wishes of the Queen, abandoned the project.

## Steamers Wrecked.

ADEL, July 31.

The Russian steamer Moskwa is reported sunk and 200 persons lost. Her boiler exploded when off Rasha-fan. One hundred and twenty persons were saved.

The steamer Fleura Castle, running between Antwerp, London and Chinese ports, was wrecked near Ras Asir.

Madame Baronska is stopping at the residence of Mrs. Scott, corner Second and West street and will teach dress cutting. She will remain three days. Read her ad. and call in.

## Rosenloff's Death.

J. N. Rosenloff, the man who was struck by officer Reed at Truckee while making the arrest, died in the jail at Truckee Friday morning. The verdict of the Coroner's jury was that deceased came to his death from the effects of a stone thrown by officer James Reed in attempting to arrest deceased. James Reed, believing his life to be in danger, jurors believe that he acted in self-defense. It would seem, however, that officer Reed was a little too handy with his missile, and that if he had taken a little more time he might have made the arrest without taking the life of Rosenloff or putting himself in danger either.

## An Old Folks Party.

Miss Groom, who has been a resident of this valley for over twenty years, celebrated her 73d birthday on the 27th inst. A large number of her friends gave her a party. Among those who occupied the first table were the following: Mrs. E. P. M. Kelly, aged 48; Mrs. Haynes, 66; Mrs. Harris, 55; Mrs. Tansland, 65; Mrs. Poor, 66; Mrs. Allen, 86; Mrs. Northrup, 51; Mrs. Whitehead, 62. The combined ages of the ladies at the table was 553 years. The good old folks enjoyed themselves; and they all being old residents of this section told many interesting stories of their early Washoe life.

## Taken to Stockton.

A Mrs. Patterson, Carson, and sister of W. H. Corbett, of that town, was taken to a private asylum at Stockton last night, the lady being out of her mind.

## Declared Insane.

"Crazy John," who has been employed at the Lake House for several years past, was committed to the Asylum Saturday.

## THE TRACKS AT THE PRISON.

What Professor Le Conte of the University of California, Thinks of Them.

The prehistoric remains of human beings belonging to a time when the race was just assuming its present state, form the most interesting objects for study and conjecture that have ever been presented to the mind. "Who am I," "Whence came I," and "Whither am I going?" are questions that have ever agitated the breast of man, and notwithstanding the fact that hundreds of religions have been built and whole libraries written upon the subject the queries remain unanswered to-day. The discovery of tracks in the quarry at the State Prison at Carson created quite a flutter among the local scientists, and brought up several eminent gentlemen from California to examine them critically. Dr. Harkness brought materials for taking photographs and also traces of them on canvas, showing their direction and mutual relations. They will be poured full of plaster of Paris and exact casts made of them. Professor Le Conte, of the State University of California, spent some time in examining the tracks, and he informs the GAZETTE that while they are very interesting they teach nothing new.

There are the tracks of a mammoth and another track which he thinks is that of a man. He says some persons are entirely convinced that they are human, but he is more cautious. While he believes them to be so, still there are doubts. The track is so large, being nearly 20 inches, that it seems impossible that any human being ever lived, with a foot capable of making such an imprint. If it was a foot, it was wrapped up in something soft and pliable, or wore a sandal of some sort. The peculiar outline of the human foot is distinct. The curved outside, the heel bending inward, the broad ball and wide front with the inward curve at the hollow on the inside of the foot are still there. The professor says he looked carefully to see if it could be the footprint of a bear or some animal, but found no marks of claws or toes which would be part of a bear track. He tried to imagine an animal which stepped with its hind foot into the track of its fore foot and made such an impression, but he found nothing to indicate it. Being asked if it might be a foot wrapped in bark or skins as a defense against cold, he thought not because if it was cold, the mud would be frozen and there would have been no impression. It could hardly be that the foot was wrapped to keep the body from pressing it into the mud, as snowshoes are worn, for then the outline of the foot would not be preserved. On the whole the

HUMAN TRACK IS A PUZZLE.

One thing remarkable about it is the distance between the lines of the tracks made by the right and left foot, vulgarly speaking the straddle, which is about eighteen inches. The length of the stride is that of a common man, being less than three feet, but the size of the foot and the distance between them were those of a giant. It will be considered carefully by men of science everywhere and no doubt more light will come. The track of the mammoth is about such a one as would be made by the one in Prof. Ward's collection now on exhibition in San Francisco. The professor thinks the prints were probably made in the soft mud on the bank, perhaps near the mouth of a river and soon after a spring flood came down and spread a layer of sand on them which was followed in years by the large deposit which became the rock now seen there. The professor assigns the tracks to a period at least as far back as the glacial epoch and thinks perhaps they belong to the pliocene. There seems to be no great significance in the fact of finding human tracks, even if they are human, with those of the mammoth, because it has been long known that man appeared on the earth before the mammoth became extinct. Still the discovery is very interesting to science and may lead to important results.

## DEATH ON THE RAIL.

A Young Man Completely Cut in Two by the Wheels of a Freight Train.

A young man about 23 or 25 years of age was found on the railroad track near Brown station, yesterday morning, by the trainmen of No. 7 bound East, completely cut in two. His trunk, or body, was on the outside of the rail while his legs and stomach was in the middle of the track. He had on a brown sack coat, no vest, clean small-check shirt, canvas pants and army shoes. He was about five feet six inches high, with dark hair, light mustache and no whiskers. He is supposed to have been a tramp stealing a ride and fallen from the special freight train that passed Browns about 2 o'clock Sunday morning. No letters or papers were found on him, and he is a stranger in that part of the country.

## Military Meeting.

Members of the Reno Guard are requested to meet at their armory to-night in full dress uniform, and take all company property with them for inspection.

## Horses Stolen.

The Indians camped about a mile west of town had three horses stolen from them last night. They think white men guilty of the stealing.

## GARFIELD DISTRICT.

An Interesting Letter from a Promising Camp.

LUNING, July 29, '82.

ED. GAZETTE: The newspapers of the State are recently having considerable to say of the mines in Garfield District, but as yet I have seen no mention made as to which are the principal mines, how they are worked, and just what they are producing. If these mines are worthy of newspaper notice, why not know the reason? So thought your correspondent, and accordingly he sought and found the Recorder of the District, B. McLane, and through his kindness is able to present the following facts to the readers of the GAZETTE:

THE DISTRICT IS COMPARATIVELY A NEW ONE.

Having been formed but little over a year, and consequently the mines have not been developed to any great extent. The Farrington, owned by Farrington & Moss, has thus far proved the best paying property in the District. It has produced, this Spring, over \$100,000, with no expense whatever save the wages of the men who wielded the picks. The ledge in this mine improves at every foot sunk. The ore mills \$500 per ton, and the mine is fast enriching its owners. Next in order of value comes the Honest John, owned by J. McClane & Son; the Lotta, owned by J. McClane & McDonald, and the Delawares, Nos. 1, 2 and 3, owned by J. McClane. The ore in the above mines is principally silver, working from \$50 to \$700 per ton. The mines are worked through perpendicular shafts. The shaft in the Honest John is down 140 feet, and the ledge at that depth is from 15 to 24 inches in width of very high grade ore. The Lotta has a large amount of fine ore on the dump. The Delawares carry about the same grade of ore as the Honest John and Lotta mines, with a carbonate ledge 36 inches in width, which assays \$50 and \$70 per ton.

OTHER MINES OF THE DISTRICT

That have had considerable work done on them and are looking well are the Julia, Starr, Northern Light, Billy Farrell, and Ellen. The mineral belt on which these mines are located is five miles long and two miles wide. There is an abundance of wood in the vicinity, but the water used has all to be hauled from Luning, eight miles distant. There are about 75 mines in the district, and they are all making money. The Blue Light copper mine, in the same district, is proving a bonanza. They have the dump full and an immense body of ore in sight that works from 20 per cent. upwards. They have hoisting works up and employ 25 men. The owners have built a furnace at Soda Springs, on the C. & C. road, 15 miles from the mine, which will soon be ready for work.

G. A. R.

Dr. Harkness' Lecture.

Dr. H. W. Harkness, of San Francisco, who was at the Prison last week with Prof. Le Conte of the California University, will deliver a lecture this evening before the Academy of Sciences. The subject is an interesting one. The track of a sandaled foot of a human being, and the mark of the tracks of a mammoth in the same piece of sand-stone, or upon the same level would indicate that man and mammoth lived not only the same age, but in the same year and, perhaps, in the same day.

Excursion to Tahoe.

The Leader says: All arrangements with the Central Pacific and Eureka & Palisade roads for an excursion from Eureka to Lake Tahoe, have been completed. If 50 persons will go the fare will be \$32, and any number not less than 25 and under 50 the fare will be \$40.

District Court.

The District Court has adjourned until next Monday. Judge King has gone to Genoa to try the case of the State vs. Raycraft. Raycraft is the man who cut Sheriff Williams, of Douglas county, while the latter was endeavoring to quell a row in which Raycraft was engaged.

## MISCELLANEOUS.

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Prostration, Exhaustion, Consumption and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their troubles. It stimulates the lactation, purifies the system, invigorates and builds up the entire system, and excites a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from indigestion and weakness, the result of disease, over-study or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for restoring health, and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither pills upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weakness of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and brings back the bloom of youth.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are inclined to Consumption—will find this preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of food-producing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is a rich source of nourishment, and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fine engraved likeness of Baron von Liebig, and a facsimile of his signature, as well as that of A. VOGLER & CO., Barmen, Germany, Sole Agents for America.

Democratic Convention of Washoe County.

NOTICE is hereby given that pursuant to an order of the County Central Committee that a primary election be held on SATURDAY, AUGUST 31st.

Between 1 and 7 o'clock P. M., for the purpose of electing delegates to the State Convention, to be held at Eureka September 6, 1882, the appointment of delegates to be as follows:

Frankton, Washoe and Browns.....3  
Pyramid and Wadsworth.....1  
Reno, Peavine, Verdi, Genialde, Salt Marsh, Duck Flat and Clarke.....6

The Committee recommends that delegates be left unpicked and that returns of the primaries be made to the Secretary of this Committee on or before August 30, 1882.

THE TEST required of voters at the Primaries is, that he is, or will be, a qualified voter at the General Election on November 7, 1882, and that he will vote for the nominees of the Convention to be held under this call.

**DR. LIEBIG,** 400 Geary Street, San Francisco, Cal.

CONTINUOUS TO TREAT successfully by Homeopathy every form of Chronic Disease without Mercury or Nauseous Drugs. Dr. Liebig's Invigorator is a positive and permanent cure for Seminal Weakness, Nervous and Physical Debility, Lost Manhood, Vital Exhaustion, and all the terrible results of abused nature, excesses and youthful follies. The Doctor will advise in writing to forfeit \$1,000 for a case that he undertakes and fails to cure. The reason thousands can not get cured of Seminal Weakness and the above disease is owing to a complication of called Prostatitis, which requires a special remedy. Dr. Liebig's Invigorator, No. 2, is a special cure for Prostatitis. Price of either Invigorator, \$5 per bottle, or 4 bottles for \$10. Sent to any address securely covered from observation. Seminal Weakness and Prostatitis drain vitality from the body and cause numerous diseases that baffles ordinary medical treatment. Allowed to continue, the unnatural loss affects the vital organs, which causes destroying diseases. Consumption, Diabetes, Bright's Disease, Jaundice, Insanity, etc. Excesses, Non-use, Abuse, Inherited Weakness, Malnutrition, and all the other causes bring in the above fatal diseases. Debility and Seminal Weakness obstruct the important and necessary acts of life and their enjoyments. Cures Guaranteed. Diseases of the Genito-urinary Organs, Kidney, Liver and Bladder a specialty. The many complaints and disease of women speedily cured; consultation at office or by letter, free and confidential.

Respectable parties can arrange payments in the same manner as they would employ their family physician. Strictest Secrecy Maintained.

QUALIFIED AND RESPONSIBLE.—DR. LIEBIG & CO. Organized in compliance with California law. Diploma procured by regular college education. Seventeen years' special practice, and duly licensed in accordance with California Medical Law.

SPINNEY will guarantee to forfeit \$500 for every case of Seminal Weakness or private disease of any kind or character which he undertakes and fails to cure.

**MIDDLE-AGED MEN.**

There are many at the age of thirty and six who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation and a weakening of the system in a manner that they cannot account for. On examining the urinary deposits aropy sediment will often be found, and some small particles of albumen will appear, or the color will be of a thin milky hue, again changing to a dark and turbid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

Office Hours—10 to 4 and 6 to 8. Sundays from 10 to 11 A. M. Consultation Free. The Doctor will advise in writing to forfeit \$500 for a case that he undertakes and fails to cure. **Sheriff's Sale.**

UNDER and by virtue of an order of sale and decree of foreclosure issued out of the Second Judicial District Court of Nevada, in and for the County of Washoe, in the action of John S. Shoemaker and D. B. Boyd, executors of the last will and testament of John Johnson, deceased, plaintiffs, versus R. H. Kinney, Mary A. Kinney, his wife, Henry Whistler and A. J. Clark, defendants, made and entered on the 13th day of July, A. D. 1882, and to me directed and delivered on July 27th 1882, on a judgment recovered by plaintiffs in said action, for the sum of \$1,566 and interest on \$4,000, from the date of said decree tiled, and for costs taxed at \$41.30;

And on a judgment in favor of A. J. Clark for the sum of \$1,340.06 and interest and costs; I hereby give public notice that, in pursuance of the command in said decree and order of sale, that on Saturday, the 12th day of August, A. D. 1882, in front of the Court House doors at Reno, Washoe County, Nevada, between the hours of 9 o'clock A. M. and 5 o'clock P. M., to wit: at 11 o'clock A. M. of said day I will offer for sale to the highest and best bidder for cash, the following described premises, or so much thereof as may be necessary to satisfy the above-mentioned decree; that is to say: to pay plaintiffs their costs taxed at \$41.30, and the sum of \$1,566 and the sum of \$4,000, and interest;

And to pay A. J. Clark the sum of \$1,340.06 with interest from July 27th 1882, and costs of suit. And costs and expenses of this sale; that is to say: the northeast quarter of the northwest quarter and fractional lots one and two of the northwest quarter of section fifteen; and the east half of the southwest quarter of section ten, and all the land conveyed by C. C. Gates to J. J. Woodworth, lying east of said quarter section fence, all in township nineteen, north of range twenty east, M. D. B. and M., and containing one hundred and seventy-seven acres, being the same lands and water-rights conveyed to said Kinney by J. J. Woodworth and wife on December 1, 1873; also one share of the capital stock of the Glendale Irrigating Ditch Company, and all rights and interest in and to the water and use thereof in and from said ditch Company's ditch represented by said stock.

W. A. WALKER, Sheriff Washoe County, Nevada. Dated: Sheriff's office, Reno, Washoe County, Nevada, July 29, 1882.
